

XDR Radiology Hardware Replacement Plan Terms Sheet *

(Prices as of March 20, 2009)

XDR is pleased to offer a pro-rated hardware replacement plan for damaged or malfunctioning hardware not covered under the limited 24-month warranty. To secure coverage to lock in replacement prices, the customer must register and remit a one-time eligibility fee for each hardware item to be covered. The current fee schedule for this coverage plan is given below. The date of shipment on the customer packing list is the start date for the replacement calculations set forth below. Each item covered will be replaced only once and a new eligibility fee will be required to cover any replaced item(s). As an accommodation and upon request by the customer, XDR will promptly provide loaner hardware while XDR inspects returned malfunctioning hardware registered under this plan.

| | SIZE 2 SENSOR | SIZE 1 SENSOR |
|---|---|---|
| One-Time Enrollment Fee For each item, covering five years. Includes overnight availability of loaners during warranty processing or cord repair, and the following replacement prices if the warranty does not apply. | \$695 | \$495 |
| Replacement Prices Replacement within the first year of ownership Replacement within the second year of ownership Replacement within the third year of ownership Replacement within the fourth year of ownership Replacement within the fifth year of ownership | \$1,490 \$1,990 \$2,490 \$2,990 \$3,490 | \$1,190 \$1,590 \$1,990 \$2,390 \$2,790 |

Coverage Summary

The Hardware Replacement Program complements the manufacturer's warranty and cord replacement service.

To the right is a matrix summarizing when each applies.

| | DEFECT | DAMAGE |
|-----------|--------------------------------|--------------------|
| Years 1-2 | Warranty with Overnight Loaner | Replacement Prices |
| Years 3-5 | Replacement Prices | Replacement Prices |

* The terms, conditions and prices offered to new plan entrants may change without notice.
